TORONTO, February 1, 2022 – Viston United Swiss AG (“**Viston**”), together with its indirect, wholly-owned subsidiary, 2869889 Ontario Inc. (the “**Offeror**”) is providing an update with respect to certain regulatory filings made in connection with its all-cash offer (the “**Offer**”) to acquire all of the issued and outstanding common shares (“**Common Shares**”) of Petroteq Energy Inc. (“**Petroteq**”) (TSX-V: PQE; OTC: PQEFF; FSE: PQCF), and is announcing that it will mail a notice of variation and extension dated February 1, 2022 (the “**Notice of Variation and Extension**”) to the registered shareholders of Petroteq, varying certain conditions to the Offer and extending the time for acceptance of the Offer to 5:00 p.m. (Toronto time) on February 28, 2022. The Notice of Variation and Extension will also be filed on Petroteq’s SEDAR profile at www.sedar.com.

Regulatory Update

The Offeror filed its notification under the *Investment Canada Act* (Canada) (the “**ICA**”) on December 20, 2021, which has been certified as complete as of that date. The Minister under the ICA has until the end of day (Toronto time) on February 3, 2022, to notify the Offeror that the Offer is or may be subject to a national security review under the ICA. Completion of the Offer is conditional on obtaining ICA Clearance, which means that: (i) the Offeror has not been notified on or before February 3, 2022 that the Offer is or may be subject to a national security review, or (ii) if the Offeror receives notice that the Offer is or may be subject to a national security review, the Offeror has subsequently received approval from the Minister or the Governor-in-Council, as the case may be, that the Offeror is authorized to proceed with the Offer.

On January 20, 2022, the Offeror completed its filing as required under the *United States Hart-Scott-Rodino Antitrust Improvements Act of 1976* (“**HSR Act**”) with the U.S. Federal Trade Commission (the “**FTC**”) and the Antitrust Division of the Department of Justice (the “**DOJ**”). The obligation of the Offeror to complete the Offer is, among other things, subject to the condition that any waiting period (including any extension thereof) applicable to the transactions contemplated by the Offer under the HSR Act shall have expired or been terminated and that neither the FTC nor the DOJ shall have commenced proceedings under an applicable antitrust statute to prevent the consummation of the transaction contemplated by the Offer under the HSR Act that have not been resolved. Unless it is extended by the FTC and DOJ, the waiting period will expire at 11:59 p.m. (Toronto time) on February 4, 2022.

On January 5, 2022, the Offeror made a voluntary filing with the Committee on Foreign Investment in the United States (“**CFIUS**”). CFIUS is a group of Cabinet-level officials in the U.S. government who are authorized to review certain transactions involving foreign investment in the United States, in order to determine the effect of such transactions on the national security of the United States. U.S. counsel to the Offeror was advised by CFIUS that January 13, 2022 would be the first day of the assessment period, which would conclude no later than February 11, 2022. During this period, the Offeror may be requested to provide additional information to CFIUS which may result in the extension of the period.

Notice of Variation and Extension

The Offeror will mail and file the Notice of Variation and Extension to the registered shareholders of Petroteq, varying certain conditions to the Offer and extending the time for acceptance of the Offer to 5:00 p.m. (Toronto time) on February 28, 2022.

The changes to the conditions to the Offer arise from (i) comments received by the Offeror in a comment letter from the United States Securities and Exchange Commission (the “SEC”), and (ii) changes made by Petroteq to the capitalization of Petroteq other than pursuant to the exercise or conversion of the Options, Warrants or the principal amount of the Convertible Debentures (each as defined in the Offer), in contravention of one of the Offeror’s conditions to the Offer. According to Petroteq’s quarterly report on Form 10-Q for the quarter ended November 30, 2021, as filed with the SEC and on SEDAR on January 19, 2022, there were, as of November 30, 2021, a total of 793,577,564 Common Shares on a fully-diluted basis.

While the Offeror is prepared to waive the condition in the Offer in respect of changes to the capitalization of Petroteq up to February 1, 2022 (the date of the Notice of Variation and Extension), the Offeror is asserting that this condition continues to apply with respect to any further changes to the capitalization of Petroteq from and after such date, including without limitation any determination by the Offeror (acting in its reasonable discretion) that, immediately prior to the Expiry Time, there are more than 795,000,000 Common Shares, on a fully-diluted basis.

Offer Remains Open for Acceptance by Petroteq Shareholders; Directors and Officers of Petroteq are Expected to Tender Shares to Offer

The Offeror reminds Shareholders that its significant premium, all cash Offer remains open and, with the deadline to tender approaching, now is the time to tender. Shareholders are also reminded that the board of directors of Petroteq (the “**Petroteq Board**”) has unanimously recommended that Shareholders accept and deposit their shares to the Offer in Petroteq’s recent Supplement dated December 29, 2021 to the Directors’ Circular dated November 6, 2021 (the “**Supplement**”). The reasons for the Petroteq Board’s recommendations that holders of Common Shares tender to the Offer are detailed in the Supplement, and are consistent with the reasons stated by the Offeror as to why holders of Common Shares should tender to the Offer. The Offeror also notes that, as disclosed by Petroteq in its press release dated January 26, 2022, the directors of the Petroteq Board intend to tender their Common Shares to the Offer.

Kingsdale Advisors (“**Kingsdale**”), the Depositary and Information Agent in respect of the Offer, has advised the Offeror that, as of 5:00 p.m. (Toronto time) on January 31, 2022, a total of approximately 144,606,386 Common Shares had been validly tendered and not properly withdrawn. Holders of Common Shares who have previously validly tendered and not withdrawn their shares to the Offer do not need to re-tender their shares or take any other action in response to the extension of the Offer.

Summary of Offer Details

Viston reminds Shareholders of the following key terms and conditions of the Offer:

- Shareholders will receive C\$0.74 in cash for each Common Share. The Offer represents a significant premium of approximately 279% based on the closing price of C\$0.195 per Common Share on the TSX-V on August 6, 2021, being the last trading day prior to the issuance of a cease trade order by the Ontario Securities Commission at which time the TSX-V halted trading in the Common Shares. The Offer also represents a premium of approximately 1,032% to the volume weighted average trading price of C\$0.065 per Common Share on the TSX-V for the 52-weeks preceding the German voluntary public purchase offer in April 2021.
- The Offer is expressed in Canadian dollars but Shareholders may elect to receive their consideration in the U.S. dollar equivalent amount.

- The Offer is open for acceptance until 5:00 p.m. (Toronto time) on February 28, 2022, unless the Offer is extended, accelerated or withdrawn by the Offeror in accordance with its terms.
- Registered Shareholders may tender by sending their completed Letter of Transmittal, share certificates or DRS statements and any other required documents to Kingsdale, as Depositary and Information Agent. Registered Shareholders are encouraged to contact Kingsdale promptly to receive guidance on the requirements and assistance with tendering.
- Beneficial Shareholders should provide tender instructions and currency elections to their financial intermediary. Beneficial Shareholders may also contact Kingsdale for assistance.
- The Offer is subject to specified conditions being satisfied or waived by the Offeror. These conditions include, without limitation: the Canadian statutory minimum tender condition of at least 50% +1 of the outstanding Common Shares being validly deposited under the Offer and not withdrawn (this condition cannot be waived); at least 50% +1 of the outstanding Common Shares on a fully diluted basis being validly deposited under the Offer and not withdrawn; the Offeror having determined, in its reasonable judgment, that no Material Adverse Effect exists; and receipt of all necessary regulatory approvals. Assuming that the statutory minimum tender condition is met and all other conditions are met or waived, the Depositary will pay Shareholders promptly following the public announcement of take-up and pay.

For More Information and How to Tender Shares to the Offer

Shareholders who hold Common Shares through a broker or intermediary should promptly contact them directly and provide their instructions to tender to the Offer, including any U.S. dollar currency election. Taking no action and not accepting the Offer comes with significant risks of shareholder dilution and constrained share prices. The deadline for Shareholders to tender their shares is February 28, 2022.
